Subject: Asbestos Update and FRN

Dear WG,

Thank you for all your help over the past 71 days. Attached, you'll find the petition FRN that combines WG and CCD IO comments. This past Tuesday, the FRN made its way to the OPPT IO and was then moved to the OCSPP IO late yesterday. The OPPT IO had very few comments, which is a testament to the work done by everyone on this petition (as well as the previous petition).

Given that there are 19 days remaining, there will not be another opportunity for full WG review. That being said, please let me know if you have any high level comments. I will do my best to incorporate any concerns as 90-day speeds towards us.

Please don't hesitate if you have any questions.

Best,
Tyler
